Lynyrd Skynyrd Gene Odom 2002-10-08 The first complete, unvarnished history of Southern rock's legendary and most popular band, from its members' hardscrabble boyhoods in Jacksonville, Florida and their rise to worldwide fame to the tragic plane crash that killed the founder and the band's rise again from the ashes. In the summer of 1964 Jacksonville, Florida teenager Ronnie Van Zant and some of his friends hatched the idea of forming a band to play covers of the Rolling Stones, Beatles, Yardbirds and the country and blues-rock music they had grown to love. Naming their band after Leonard Skinner, the gym teacher at Robert E. Lee Senior High School who constantly badgered the long-haired aspiring musicians to get haircuts, they were soon playing gigs at parties, and bars throughout the South. During the next decade Lynyrd Skynyrd grew into the most critically acclaimed and commercially successful of the rock bands to emerge from the South since the Allman Brothers. Their hits "Free Bird" and "Sweet Home Alabama" became classics. Then, at the height of its popularity in 1977, the band was struck with tragedy -- a plane crash that killed Ronnie Van Zant and two other band members. Lynyrd Skynyrd: Remembering the Free Birds of Southern Rock is an intimate chronicle of the band from its earliest days through the plane crash and its aftermath, to its rebirth and current status as an enduring cult favorite. From his behind-the-scenes perspective as Ronnie Van Zant's lifelong friend and frequent member of the band's entourage who was also aboard the plane on that fateful flight, Gene Odom reveals the unique synthesis of blues/country rock and songwriting talent, relentless drive, rebellious Southern swagger and down-to-earth sensibility that brought the band together and made it a defining and hugely popular Southern rock band -- as well as the destructive forces that tore it apart. Illustrated throughout with rare photos, Odom traces the band's rise to fame and shares personal stories that bring to life the band's journey. For the fans who have purchased a cumulative 35 million copies of Lynyrd Skynyrd's albums and continue to pack concerts today, Lynyrd Skynyrd is a celebration of an immortal American band.

The Circle of Knowledge: A Classified, Simplified, Visualized Book of Answers Various 2022-06-02 The Circle of Knowledge is an informative book that was designed in 1917, to be both inspiring and entertaining. The book represents the modern, progressive spirit which fits that time, in its forms of expression and its editorship. The purpose of this work is to answer the why, who, what, when, where, how of the wide majority of curious minds, both young and adult, and encourage them to raise further questions. Special measures were taken in creating this work to isolate essentials from non-essentials; to differentiate human interest subjects of universal significance from those of little concern; to deliver living truths instead of dead vocabulary; and finally, to bring the whole within the knowledge of the intermediate reader, without regard to age, in an acceptable and exciting form. The use of visual outlines and tables; maps, drawings, and diagrams; the illustrated works of great painters, sculptors, and architects all are used to give the reader the valuable and cultural knowledge of past and present.

The World of Antebellum America: A Daily Life Encyclopedia [2 volumes] Alexandra Kindell

2018-09-20 This set provides insight into the lives of ordinary Americans free and enslaved, in farms and cities, in the North and the South, who lived during the years of 1815 to 1860. • Provides intimate details about the personal lives of Americans during the Antebellum Era • Demonstrates the diversity of the American experience in the years before the Civil War • Makes clear how hard Americans worked to build their lives while still participating in the democratic process • Explores how Americans dealt with the daily demands of life as national and regional issues created insecurity and instability • Includes 40 primary source documents with detailed introductions to realize Antebellum America

The Soundtrack Album Paul N. Reinsch 2020-02-28 The Soundtrack Album: Listening to Media offers the first sustained exploration of the soundtrack album as a distinctive form of media. Soundtrack albums have been part of our media and musical landscape for decades, enduring across formats from vinyl and 8-tracks to streaming playlists. This book makes the case that soundtrack albums are more than promotional tools for films, television shows, or video games— they are complex media texts that reward a detailed analysis. The collection's contributors explore a diverse range of soundtrack albums, from Super Fly to Stranger Things, revealing how these albums change our understanding of the music and film industries and the audio-visual relationships that drive them. An excellent resource for students of Music, Media Studies, and Film/Screen Media courses, The Soundtrack Album offers interdisciplinary perspectives and opens new areas for exploration in music and media studies.

Every Chart Topper Tells a Story Sharon Davis 2012-01-06 The seventies witnessed great changes not only in dress style but also in music. The psychedelia of the late sixties had mutated into glam rock by the early seventies, while the latter half of the decade is best remembered for the punk and disco explosions which gripped both Britain and America. The number-one singles of the decade are recalled in Every Chart Topper Tells a Story: The Seventies, from artists as diverse as Gary Glitter, David Bowie, Jimi Hendrix, Diana Ross, The Bee Gees, T-Rex, Commodores, Donny Osmond, The Three Degrees and Abba. It is the ideal volume both for those wanting a trip down memory lane and for serious music connoisseurs.

News Narratives and News Framing Karen S. Johnson-Cartee 2005 News Narratives and News Framing is a revealing look at how the media's construction of news affects our political, economic, and social realities. In this introduction to the theory behind news framing, Karen Johnson-Cartee pulls together elements from communication, journalism, politics, and sociology to create a picture of how news forms these realities for the public. With its comprehensive reference section and suggestions on how to influence the news agenda, this is a beneficial resource for students in political communication, media criticism, and communication theory. Paradoxes of Prosperity Lorman A. Ratner 2010-10-01 In the midst of the United States' immense economic growth in the 1850s, Americans worried about whether the booming agricultural, industrial, and commercial expansion came at the price of cherished American values such as honesty, hard work, and dedication to the common good. Was the nation becoming greedy, selfish, vulgar, and cruel? Was there such a thing as too much prosperity? At the same time, the United States felt the influence of the rise of popular mass-circulation newspapers and magazines and the surge in American book publishing. Concern

over living correctly as well as prosperously was commonly discussed by leading authors and journalists, who were now writing for ever-expanding regional and national audiences. Women became more important as authors and editors, giving advice and building huge markets for women readers, with the magazine Godey's Lady's Book and with e expressing women's views about the troubled state of society. Best-selling male writers—including novelist George Lippard, historian George Bancroft, and travel writer Bayard Taylor--were among those adding their voices to concerns about prosperity and morality and about America's place in the world. Writers and publishers discovered that a high moral tone could be exceedingly good for business. The authors of this book examine how popular writers and widely read newspapers, magazines, and books expressed social tensions between prosperity and morality. This study draws on that nationwide conversation through leading mass media, including circulation-leading newspapers, the New York Herald and the New York Tribune, plus prominent newspapers from the South and West, the Richmond Enquirer and the Cincinnati Enquirer. Best-selling magazines aimed at middle-class tastes, Harper's Magazine and the Southern Literary Messenger, added their voices, as did two leading business magazines.

Book Review Digest 2001

Harper's Magazine 2000-09 Important American periodical dating back to 1850.

The New York Times Book Reviews 2000 New York Times Staff 2001 This anthology examines Love's Labours Lost from a variety of perspectives and through a wide range of materials. Selections discuss the play in terms of historical context, dating, and sources; character analysis; comic elements and verbal conceits; evidence of authorship; performance analysis; and feminist interpretations. Alongside theater reviews, production photographs, and critical commentary, the volume also includes essays written by practicing theater artists who have worked on the play. An index by name, literary work, and concept rounds out this valuable resource.

Harper's 2010

Islam at the Crossroads Ibrahim M. Abu-Rabi' Sheds light on one of the most important religious thinkers in the modern Muslim world.

Sounds American Ann Ostendorf 2011 Sounds American provides new perspectives on the relationship between nationalism and cultural production by examining how Americans grappled with musical diversity in the early national and antebellum eras. During this period a resounding call to create a distinctively American music culture emerged as a way to bind together the varied, changing, and uncertain components of the new nation. This played out with particular intensity in the lower Mississippi River valley, and New Orleans especially. Ann Ostendorf argues that this region, often considered an exception to the nation—with its distance from the center of power, its non-British colonial past, and its varied population—actually shared characteristics of many other places eventually incorporated into the country, thus making it a useful case study for the creation of American culture. Ostendorf conjures the territory's phenomenally diverse “music ways” including grand operas and balls, performances by church choirs and militia bands, and itinerant violin instructors. Music was often associated with “foreigners,” in particular Germans, French, Irish, and Africans. For these outsiders, music helped preserve collective identity. But for critics concerned with developing a national culture, this multitude of influences presented a dilemma that led to an obsessive categorization of music with racial, ethnic, or national markers. Ultimately, the shared experience of categorizing difference and consuming this music became a unifying national phenomenon. Experiencing the unknown became a shared part of the American experience.

Elvis As We Knew Him Jennifer Harrison 2003-12-01 You are invited to take a journey, along with the author, to her hometown in the American South, a unique culture of relative safety within a sheltered small town in the mid-twentieth century. You will discover a time when sorority girls were virgins, baton twirlers mattered, and Elvis Presley's hips were the wildest thing on the block. Against the backdrop of groundbreaking musical environments from Memphis, Tennessee to the Mississippi Delta, you will share stories that follow Elvis and his rise to fame through the eyes of his Graceland neighbors in the small suburb of Whitehaven. The author's mother, a young girl who was as much a celebrity in this small town as Elvis, reveals never-before-shared photographs and stories that chronicle a town, an extraordinary man, and a time forever lost to history, each on the brink of explosion and change.

From Pity to Pride Hannah Joyner 2004 The antebellum South's economic dependence on slavery engendered a rigid social order in which a small number of privileged white men dominated African Americans, poor whites, women, and many people with disabilities. From Pity to Pride examines the experiences of a group of wealthy young men raised in the old South who also would have ruled over this closely regimented world had they not been deaf. Instead, the promise of status was gone, replaced by pity, as described by one deaf scion, “I sometimes fancy some people to treat me as they would a child to whom they were kind.” In this unique and fascinating history, Hannah Joyner depicts in striking detail the circumstances of these so-called victims of a terrible “misfortune.” Joyner makes clear that Deaf people in the North also endured prejudice. She also explains how the cultural rhetoric of paternalism and dependency in the South codified a stringent system of oppression and hierarchy that left little room for self-determination for Deaf southerners. From Pity to Pride reveals how some of these elite Deaf people rejected their family's and society's belief that being deaf was a permanent liability. Rather, they viewed themselves as competent and complete. As they came to adulthood, they joined together with other Deaf Americans, both southern and northern, to form communities of understanding, self-worth, and independence.

Red Grooms Bartholomew F. Bland 2008 Red Grooms' dazzling installation, was created as a working gift shop for the Hudson River Museum in 1979. After extensive conservation, this beloved Westchester landmark has been reinstalled in its own gallery. The Bookstore incorporates many of the themes that run through Grooms' best work: the marriage of art and commerce, the clash of high and low, colorful New York characters, and an inviting three-dimensional space that envelops and transports the viewer. The Bookstore deftly joins two favorite haunts of New York City booklover - the lively, oldest secondhand bookshop in NYC, the Isaac Mendoza Book Company, and the Pierpont Morgan Library - into a work of art. In terms of materials, The Bookstore was one of a limited number of pieces in which Grooms incorporated vinyl figures. The figures are painted from the inside, a technique inspired by medieval glass-painting techniques, and then are stuffed and sewn. T ens of thousands of visitors passed through The Bookstore, and, embraced by its environment, it inevitably began to suffer ravages caused by its popularity. Plans were developed to restore the work and Grooms enthusiastically approved the conservation efforts and changes, which include altering the position of the two entrances to fit new gallery space, the creation of a central island that incorporated the original vinyl patrons, and the design of a painted floor. Grooms remains cautious of making too many changes to a piece that reflects a vision of New York in the 1970s, already passing into history. “An artist can overwork a thing - you can ruin the delicacy of a past moment very easily ...I think it's better to keep it like it was - primitive in that way.”
