Homo Deus Yuval Noah Harari 2017-02-23 Op onnavolgbare wijze beschrijft Yuval Noah Harari in zijn bestseller Sapiens 70.000 jaar menselijke evolutie, maar met Homo Deus richt hij zich op de toekomst. Met zijn kenmerkende vermenging van wetenschap, geschiedenis en filosofie onderzoekt Harari de dromen en nachtmerries van de eenentwintigste eeuw - van onsterfelijkheid tot kunstmatig leven. Hij stelt fundamentele vragen: Waar gaan we naartoe? Hoe beschermen we onze kwetsbare wereld tegen onze eigen verwoestende krachten? En als we in staat zijn door technologische vooruitgang ons lichaam en onze geest te verbeteren, wat gebeurt er dan met de mensen die zich niet laten upgraden? Wat voor

sociale gevolgen zal deze tweedeling hebben? Volgens Harari is het essentieel om meer te begrijpen van de technologische revoluties om ons heen, anders hebben we geen invloed op de koers van onze toekomst. Dit is de volgende stap in onze evolutie. Dit is Homo Deus.

The Collected Writings of Murray Stein – Volume

1 Murray Stein

2020-10-02 Dr. Murray Stein's prolific career has produced a substantial body of writings, lectures, and interviews. His writings, captured in these volumes, span a wide domain of topics that include writings on Christianity, Individuation, Mid-life, the practice of Analytical Psychology, and topics in contemporary society. His deep understanding of Analytical Psychology

is much more than an academic discourse, but rather a deeply personal study of Jung that spans nearly half a century. The unifying theme of the papers collected in this volume is the individuation process as outlined by C.G. Jung and adopted and extended by later generations of scholars and psychoanalysts working in the field of analytical psychology. Individuation is a major contribution to developmental psychology and encompasses the entire lifetime no matter its duration. The unique feature of this notion of human development is that it includes spiritual as well as psychosocial features. The essays in this volume explain and expand on Jung's fundamental contributions.

Hartley's study on the Book of Job is a contribution to The New International Commentary on the Old Testament which devotes care to achieving a balance between technical information and homiletic-devotional interpretation. The commentary is based on the author's own translation of the Hebrew text and discusses the book

Muriel Spark Martin
Stannard 2009-08-13 The
long-awaited biography
of one of the great
writers of the twentieth

(Mail on Sunday). Muriel
Spark ended was one of
the great writers of the
twentieth century. Hers
is a Cinderella story,
the first thirty-nine
years of which she
presented in her
autobiography,
Curriculum Vitae (1992),
politely blurring the
intensity of her darker
moments: her relations
with her brother,
mother, son, husband; a
terrifying period of
hallucinations and
subsequent depression;
and the disastrously
misplaced love she had
felt for two men she had
wanted to marry, Howard

Spark left Scotland to
marry in Southern
Rhodesia, escaping back
to Britain on a
troopship in 1944 after
her divorce. Her son
returned in 1945 to be

brought up by her parents in Edinburgh while she established herself as a poet and critic in London. After becoming a Roman Catholic in 1954, she began a novel, *The Comforters*, and with *Memento Mori*, *The Ballad of Peckham Rye* and *The Bachelors* rose rapidly into the literary stratosphere. *The Prime of Miss Jean Brodie* (1961), with its adaptation into a successful stage-play and film, marked her full translation into international celebrity and from that point she went to live first in New York, then Rome, and finally Tuscany where for over thirty years, until her death in 2006, she shared a house with her companion, the artist Penelope Jardine. Stap voor stap naar een gelukkiger leven Terwijl ze een doodgewoon leven leidt, wordt Byron Katie in toenemende mate depressiever. Gedurende tien jaar zakt ze steeds dieper weg in woede, wanhoop en gedachten aan zelfmoord. Tot ze op een ochtend wakker wordt in een staat van uitzinnige vreugde, met een heel duidelijk inzicht waarmee haar lijden tot een einde gebracht kan worden. Dit besef van vrijheid heeft haar nooit meer losgelaten, en nu kun je die vrijheid zelf ervaren aan de hand van *The Work*, een methode die Byron Katie zelf ontwikkelde. *The Work* bestaat eenvoudigweg uit vier vragen die je, zodra je ze toepast op een specifiek probleem, in staat stellen dat wat

The Jung Reader David Tacey 2012-11-12 Carl

Gustav Jung was the pioneering founder of analytical psychology, a form of analysis that has revolutionised the approach to mental illness and the study of the mind. In this anthology, David Tacey brings together a selection of Jung's essays from his famous Collected Works. Divided into four parts, each with a brand new introduction, this book considers 17 of Jung's most important papers covering: the nature of the psyche archetypes religion and culture therapy and healing. This accessible collection is essential reading for undergraduates on analytical psychology courses, those on psychotherapy training courses, and students studying symbolism and dreams, or archetypal approaches to literature, cinema,

religious studies, sociology or philosophy. The text is an informative introduction for general readers as well as analysts and academics who want to learn more about C. G. Jung's contribution to psychoanalysis, and how his ideas are still extremely relevant in the world today.

1984 George Orwell
2013-05-16 Nieuwspraak, Big Brother, het vocabulaire uit 1984 is in onze taal opgenomen en een eigen leven gaan leiden. De roman van George Orwell uit 1949 over de strijd van Winston Smith, ambtenaar op het ministerie van Waarheid, tegen de alles doordringende Partij, en

zijn gedoemde liefde voor Julia heeft niets van zijn literaire zeggingskracht verloren. In Orwells steeds weer herdrukte anti-utopie verkeert de wereld in de wurggreep van een systeem dat is gegrondvest op de verbreiding van angst, haat en wreedheid, en dat iedere vorm van persoonlijke vrijheid en individualiteit uitsluit. 1984 is onverminderd geldig als benauwend nauwkeurig blauwdruk van elk dictatoriaal regime. **A guide to the project management body of knowledge** 2009 Handboek voor de uitvoering van ICT-projecten volgens een internationale, gezaghebbende standaard. Volume 13: Kierkegaard's Influence on the Social Sciences Jon Stewart 2016-12-05 Kierkegaard has long been known as a philosopher and theologian, but his contributions to

psychology, anthropology and sociology have also made an important impact on these fields. In many of the works of his complex authorship, Kierkegaard presents his intriguing and unique vision of the nature and mental life of human beings individually and collectively. The articles featured in the present volume explore the reception of Kierkegaard's thought in the social sciences. Of these fields Kierkegaard is perhaps best known in psychology, where *The Concept of Anxiety* and *The Sickness unto Death* have been the two most influential texts. With regard to the field of sociology, social criticism, or social theory, Kierkegaard's *Literary Review of Two Ages* has also been regarded as offering valuable insights about some important dynamics of modern society..

Sacred Disobedience

Sharon L. Coggan 2020

This book traces the Greek Goat God Pan who became distorted into the image of the Devil in early Christianity. It offers a Jungian analysis of the repression, distortion, recovery, and reintegration of what Jung calls the "Shadow," as represented by the Goat God.

Carl Gustav Jung Ann

Casement 2001-09-14 Carl

Gustav Jung is an enlightening and insightful guide to the life and work of one of

the founding fathers of psychotherapy and most influential thinkers in modern times. Combining insights from his early life and his wide-ranging intellectual interests in philosophy, mysticism and parapsychology, Ann Casement traces the development of Jung's ideas on the functioning of the human mind, including the origins of core Jungian concepts such as archetypes, teleology, alchemy and the collective unconscious. Examining the relationship between Freud and Jung through their prolific correspondence, the author charts the growing divergence of opinion, which culminated in the birth of analytical psychology, the branch

Diep werk Cal Newport
2016-03-22 In 'Diep werk' wijst Cal Newport op de noodzaak van geconcentreerd werken om maximaal te kunnen presteren, een vaardigheid die we langzaam zijn kwijtgeraakt. Newport gebruikte de term 'diep werk' voor het eerst op zijn populaire blog. Hij raakte een zenuw: Newports artikelen over dit onderwerp werden honderdduizenden keren gelezen en overgenomen. De meeste mensen laten zich gemakkelijk onderbreken en besteden een groot deel van de dag aan oppervlakkige werkzaamheden. Dit boek bevat talloze inspirerende verhalen en

praktische adviezen over hoe je je werk anders kunt organiseren om diep werk een vaste plek te geven. Want alleen door iets met volle aandacht te doen, ontwikkel je je denkkraft en bereik je meer in minder tijd.

The Symbolic Life C.G.

Jung 2014-12-18

Originally planned as a brief final volume in the Collected Works, The Symbolic Life has become the most ample volume in the edition, and one of unusual interest. It contains some 160 items spanning sixty years; they include forewords, replies to questionnaires, encyclopedia articles, occasional addresses, and letters on technical subjects. Collection of this material relied on three chief circumstances. After Jung returned from active medical practice, he gave more of his time to writing, and some

sixty papers as well as books were written after 1950. Second, recent research has brought to light a number of reviews, reports and articles from the early years of Jung's career. Finally, Jung's files yielded several finished or virtually finished papers that survived in manuscript. Volume 18 includes three longer works: 'The Tavistock Lectures' (1936); 'Symbols and the Interpretation of Dreams' (1961); and 'The Symbolic Life', the transcript of a seminar given in London in 1939.

Death and Dying Sudhir

Kakar 2014-07-01

Billions have died in the thousands of years since human beings first developed language, but we do not have a single credible account of the subjective experience of dying and the afterlife. This is why death continues to be an

immense mystery and a subject of eternal fascination. In *Death and Dying*, scholars and intellectuals illumine the major issues raised by the inevitable ending to life. The range is wide: from the dread that accompanies all notions of mortality to the objective evidence for the existence of an afterlife; from an exploration of the spiritual dimensions of mourning to analyses of how death was perceived and interpreted by geniuses like John Keats, Rabindranath Tagore and Carl Jung. Utterly compelling, these essays prompt us to question our fears and notions of death while enabling us to perceive this phenomenon with greater understanding and intelligence.

Gnosticism and the History of Religions
David G. Robertson

2021-08-12 Building on critical work in biblical studies, which shows how a historically-bounded heretical tradition called Gnosticism was 'invented', this work focuses on the following stage in which it was "essentialised" into a sui generis, universal category of religion. At the same time, it shows how Gnosticism became a religious self-identifier, with a number of sizable contemporary groups identifying as Gnostics today, drawing on the same discourses. This book provides a history of this problematic category, and its relationship with scholarly and popular discourse on religion in the twentieth century. It uses a critical-historical method to show how and why Gnosis, Gnostic and Gnosticism were taken up by

specific groups and individuals – practitioners and scholars – at different times. It shows how ideas about Gnosticism developed in late nineteenth- and twentieth-century scholarship, drawing from continental phenomenology, Jungian psychology and post-Holocaust theology, to be constructed as a perennial religious current based on special knowledge of the divine in a corrupt world. David G. Robertson challenges how scholars interact with the category Gnosticism, and contributes to our understanding of the complex relationship between primary sources, academics and practitioners in category formation.

Jung's explanation of
the religious tendency

many sides of the
contemporary debate on
religion and the role
that it has in
individual and social
life. This book
discusses the emergence
of a new mythic
consciousness and
details ways in which
this consciousness
supersedes traditional
concepts of religion to
provide a spirituality
of more universal
inclusion. *On Behalf of

examines Jung's critique
of traditional western
religion, demonstrating

the negative
consequences of
religious and political
collective
unconsciousness, and
their consequent social
irresponsibility in
today's culture. The
book concludes by
suggesting that a new
religiosity and
spirituality is
currently emerging in
the West based on the
individual's access to
the sense of ultimacy

**An Introduction to
Theories of Personality**

Robert Ewen B 2014-01-21

This 7th Edition helps
students unravel the
mysteries of human
behavior through its
highly readable
introduction to the
ideas of the most
significant personality
theorists. Engaging
biographical sketches
begin each chapter, and
unique capsule summaries
help students review key
concepts. Theories come
alive through the
inclusion of quotations
from the theorists'
writings and numerous
applications such as

dream interpretation, psychopathology, and psychotherapy. Significant changes in the 7th edition include an extended discussion of the practical applications of personality theory, with an emphasis on guidelines that can help people increase their self-knowledge, make better decisions, and live more fulfilling lives. Fictionalized but true-to-life examples illustrating the perils of inadequate self-knowledge include college students, parents, terrorists, business executives, and politicians, while other examples show the positive outcomes that can result from a better understanding of one's unconscious. This 7th edition also includes a more extensive discussion of how a lack of self-understanding caused difficulties for

such noted theorists as Freud and Erikson, and a new section that explains how behavior can be strongly influenced by the situation as well as by one's personality.

Finally, a new interactive web site provides practice test questions and other topics of interest.

Emotionele flexibiliteit

Susan David 2017-01-17

Een revolutionaire aanpak die ons in staat stelt negatieve emoties te begrijpen en te omarmen, ontwikkeld door dé expert op het gebied van menselijk gedrag en emoties De weg naar succes, of dat nu thuis is of op het werk, verloopt bijna nooit in een rechte lijn. Vraag het iemand die zijn grote doel heeft bereikt of een goede relatie heeft, en je krijgt te horen over alle omwegen die hij heeft moeten maken. Wat is het

verschil tussen mensen die zich niet uit het veld laten slaan en mensen die de weg kwijtraken? Het antwoord is emotional agility: emotionele flexibiliteit. Emotionele flexibiliteit is een vierstappenplan dat je leert omgaan met onverwachte wendingen in het leven. Op basis van twintig jaar onderzoek constateert Susan David dat het niet uitmaakt hoe intelligent, veerkrachtig of creatief je bent; als je je niet bewust bent van hoe je je voelt in situaties en gesprekken, dan mis je de kans om inzichten te krijgen en kom je vast te zitten in gedachten, emoties en gewoonten die je ervan weerhouden je volledige potentieel te bereiken. Emotioneel flexibele mensen ervaren evenveel stress en tegenslag als anderen, alleen weten zij ermee om te gaan en hun

reacties op dezelfde lijn te krijgen als hun waarden. Met kleine veranderingen bereiken ze een leven vol groei. Op basis van uitvoerig onderzoek en persoonlijke ervaring laat Susan David zien hoe je emotioneel flexibel wordt en kunt gedijen in een onzekere wereld. Emotionele flexibiliteit laat je het beste uit je leven halen, wie je ook bent en wat je ook tegenkomt. De pers over Emotionele flexibiliteit 'Baanbrekend idee van het jaar.' Harvard Business Review 'Op basis van haar werk als een van de toonaangevende onderzoekers op het gebied van emoties, schrijft David met gezag, mededogen en inzicht. Essentieel leesmateriaal.' Susan Cain, auteur van Stil 'In Emotionele flexibiliteit biedt

Susan David een baanbrekende manier om onze gevoelens te herkennen..' Gretchen Rubin, auteur van Het happiness project 'Susan David combineert overtuigend onderzoek met praktische wijsheid waarmee ze laat zien hoe je een betekenisvolle verandering kunt creëren om zo de beste versie van jezelf te zijn.' Peter Salovey, bestuursvoorzitter Yale University en bedenker van het concept 'Emotionele Intelligentie' *Answer to Job* C. G. Jung 2010-11-14 Considered one of Jung's most controversial works, *Answer to Job* also stands as Jung's most extensive commentary on a biblical text. Here, he confronts the story of the man who challenged God, the man who experienced hell on earth and still did not reject his faith. Job's

journey parallels Jung's own experience--as reported in *The Red Book: Liber Novus*--of descending into the depths of his own unconscious, confronting and reconciling the rejected aspects of his soul. This paperback edition of Jung's classic work includes a new foreword by Sonu Shamdasani, Philemon Professor of Jung History at University College London. Described by Shamdasani as "the theology behind *The Red Book*," *Answer to Job* examines the symbolic role that theological concepts play in an individual's psychic life. **Time and Timelessness** Angeliki Yiassemides 2013-06-26 *Time and Timelessness* examines the development of Jung's understanding of time throughout his opus, and the ways in which this concept has

affected key elements of his work. In this book Yiassemides suggests that temporality plays an important role in many of Jung's central ideas, and is closely interlinked with his overall approach to the psyche and the cosmos at large. Jung proposed a profound truth: that time is relative at large. To appreciate the whole of our experience we must reach beyond causality and temporal linearity, to develop an approach that allows for multidimensional and synchronistic experiences. Jung's understanding surpassed Freud's dichotomous approach which restricted timelessness to the unconscious; his time theory allows us to reach beyond the everyday time-bound world into a greater realm, rich with meaning and connection. Included in the book: -Jung's

time theory -the death of time -time and spatial metaphors -the role of time in precognition, telepathy and synchronicity -Unus mundus and time -a comparison of Freud's and Jung's time theories: temporal directionality, dimensionality, and the role of timelessness. This book is the first to explore time and timelessness in a systematic manner from a Jungian perspective, and the first to investigate how the concept of time affected the overall development of Jung's theory. It will be key reading for psychoanalytic scholars and clinicians, as well as those working in the field of phenomenological philosophy. The Bible, Violence, and the Sacred James G. Williams 2007-10-01 This book represents the

first comprehensive application to the whole Bible of René Girard's theories on violence, civilization, and religion.
