Het meisje dat kralen kon lachen Clemantine Wamariya 2018-06-13 'Het verbijsterende boek over haar leven' de Volkskrant Het levenslange gevecht van een Rwandese oorlogsvluchteling Clemantine Wamariya was zes jaar oud toen haar ouders niet langer hardop durfden te spreken, buren zomaar verdwenen en het luide, weezinwekkende lawaai begon. In 1994 ontvluchtte ze samen met haar zus Claire de Rwandese genocide. De daaropvolgende zes jaar zwierf ze door zeven Afrikaanse landen op zoek naar veiligheid. Geteisterd door honger, gevangenschap en mishandeling overleefde ze de vluchtelingenkampen. Ze vond zowel goedheid als onmenselijke wreedheid op haar pad. En al die tijd wist ze niet of haar ouders nog in leven waren. Toen Clemantine twaalf jaar oud was, verleende de VS haar en haar zus asiel. Ze kwam aan het begin te staan van een nieuwe uitdaging - breken met haar verleden en, na jarenlang als grof vuil behandeld te zijn, haar eigen identiteit claimen. Het meisje dat kralen kon lachen toont de hartverscheurende realiteit van oorlog. Een verhaal over de vernietiging, de broosheid van herinneringen, het beklemmende gevoel wanneer anderen zien dat je gebroken bent, en

de voortdurende zoektocht naar redding. Maar Wamariya's reis is bovenal een verhaal over het leven dat we voor onszelf creëren, over de persoonlijke, pijnlijke en beeldschone ervaringen die ons maken tot wie we zijn.

Private Sector Development in West Africa Diery Seck 2014-07-01 This book examines key determinants of private sector development in West Africa, putting special emphasis on government's cardinal role in fostering

and supporting entrepreneurship. Favorable macroeconomic conditions are identified and it is shown that adequate policies that contribute to economic diversification and industrialization are likely to expand the investment base of the economy. The book also examines new business concepts and regional integration initiatives meant to enhance West Africa's private sector and analyzes the role of finance in promoting development of private firms and the extent to which corruption impedes economic growth. All chapters are highly relevant to West Africa's current policy challenges and therefore inform the region's ongoing policy formulation. The empirical evidence supporting the policy recommendations is based on both qualitative field observations and advanced quantitative estimation techniques.

Rivalrous Consonance: A Theory of General Oligopolistic Equilibrium R.E.

Kuenne 2014-06-28 The book is an attempt to construct frameworks for the analysis of oligopoly which combine both the rivalrous and cooperative elements in the market structure of mature oligopolistic industries. It provides an alternative approach to those of game theory and conjectural variation, and does so in a fashion that permits: - the development of a general equilibrium framework that incorporates oligopoly - operational analysis of pricing policies in oligopoly - the tailoring of the analytical framework to the specifics of an industry within the context of multiobjective decision making. The book stresses the need for economic theory to move away from the search for universal theorems concerning oligopolistic behaviour, and to develop a body of specific industry analyses using "simulative theorizing".

International Finance in the New World Order H. Peter Gray 1995 Hardbound. Some of the most important developments of the last quarter century relate to the internationalization of financial issues: the advent of free trade areas; the efforts of the European Union in establishing a single

currency; burdens of international indebtedness; and the economic growth and development of nations. International financial systems are increasingly fragile and vulnerable in the face of possible international financial shock. Exchange rate issues and other changes in financial conditions have profound consequences not only for multinational corporations which have to devise new ways of managing their global operations, but also for firms and industries at the national level. The papers in this book confront these and other problems in international finance that have arisen in recent years, seeking to identify causal linkages at the global, national and company levels.

Internet Navigation and Exploration Kathy Marold 2001-07 This accessible primer teaches students to access and use the resources available on the Internet, using only the Web as the vehicle for access. The book begins with tutorials that allow students with limited Internet experience to browse the Web and create a Web page. Chapters review hardware and software issues, describe basic Web elements, explain features of the two major Web browsers, and explain how to search for and access information. There is also material on e-mail, chat rooms, and e-commerce. A final chapter shows how to construct a simple Web page on an Internet server. The color format with tips, boxes, and photos is inviting. The course can be completed using Internet Explorer or Netscape Navigator. De streep wordt een rivier Francisco Cantú 2018-03-13 Om getuige te kunnen zijn van de gebeurtenissen aan de grens met Mexico besluit Francisco Cantú in 2008 dienst te nemen bij de US Border Patrol, de Amerikaanse grenswacht. De streep wordt een rivier is zijn persoonlijke verslag daarvan. In extreme hitte en kou spoort hij illegalen op. Hij detineert uitgeputte, uitgedroogde en wanhopige mannen, vrouwen en kinderen. Hij onderschept drugspartijen en bergt dode lichamen. Het werk eist een zware tol. Cantú krijgt nachtmerries en neemt ontslag. Maar ook daarna blijft de periode hem achtervolgen. In bloedstollend proza probeert hij zijn geschiedenis een plaats in zijn dagelijks leven te geven. Cantú laat ons meedenken over landsgrenzen en pakt daarbij een van de

grootste politieke en sociale problemen ter wereld aan. Met zijn schrijvende verhalen over hoop en wanhoop, over mensen die met gevaar voor eigen leven de grens willen oversteken, dwingt Cantú ons te luisteren en mee te voelen. Hij zet vraagtekens bij de politiek en de vastgeroeste ideeën over grenzen, waardoor niet alleen talloze levens van migranten en hun families ontwricht raken, maar de menselijkheid zelf geweld wordt aangedaan.
