Women and the Law Ashlyn K. Kuersten

2003-01-01 Provides a history of the legal rights of women from the Revolutionary War, discussing court decisions, legal triumphs, key people, and present day causes.

Community and the Law Takao Tanase

2010-01-01 Takao Tanase seamlessly combines

sociolegal and philosophical analysis as he explores the tensions between individual legal rights and communitarian values in settings ranging from post-divorce visitation rights to tort liability, lawyer client relationships, and rising litigation rates. Contrasting Japan with the individualistic thrust of American law, Tanase stresses the importance of building legal processes that encourage stronger social and communal bonds. Students of law and society on all continents will find rich food for thought in this intellectually bold and intriguing volume. Robert A. Kagan, University of California, Berkeley, US *Takao Tanase's Community and the Law* is a path breaking and often surprising interpretation of legal culture in Japan which includes subtle analyses of the changing role of lawyers and courts and the extent to which modernity and reliance on law are interlinked. But it is much more than that. His reflections on the different way law responds to social dilemmas in Japan and the USA are the building blocks of a much

more ambitious project no less than constructing a coherent account of what law can and should do to maintain communal ties in postmodern times. The book is a pleasure to read for its learning and sophistication. Nottage and Wolff also deserve high praise for their light touch as editors and translators. David Nelken, University of Cardiff, UK and University of Macerata, Italy This important book translates seven landmark essays by one of Japan's most respected and influential legal thinkers. While Takao Tanase concedes that law might not matter as much in Japan as it does in the United States, in a provocative challenge to socio-legal researchers and comparative lawyers, he asks: why should it? The issue, he contends, is not whether law matters to society; it is how society matters to law. Developing a descriptive and normative theory of community and the law, the author directly challenges the view that legal liberalism represents the pinnacle of legal achievement. He criticises liberalism for destroying community in

the United States and for offering false hope for a delayed modernity in Japan. By applying a distinctive interpretivist methodology, he constructs a communitarian model of law and society that serves as an alternative to legal liberalism. The book challenges conventional understandings of such legal sociological staples as torts, lawyers ethics, family law, human rights, constitutionalism and litigiousness. This fascinating book will prove a stimulating, thought provoking read for researchers and scholars of law, Japanese and American studies, sociology and jurisprudence.

Masculinities in Contemporary American Culture Thomas Keith 2017-01-12 Masculinities in Contemporary American Culture offers readers a multidisciplinary, intersectional overview of masculinity studies that includes both theoretical and applied lenses. Keith combines current research with historical perspectives to demonstrate the contexts in which masculine identities have come evolved. With an emphasis

on popular culture -- particularly film, TV, video games, and music -- this text invites students to examine their gendered sensibilities and discuss the ways in which different forms of media appeal to toxic masculinity.

The Modern Middle East Albert Hourani
1993-01-01 This valuable collection of essays brings leading Middle Eastern scholars together in one volume and provides an unparalleled view of the modern Middle East. Covering two centuries of change, from 1789 to the present, the selection is carefully designed for students and is the only available text of its kind. It will also appeal to anyone with a general interest in the Middle East. The book is divided into four sections: Reforming Elites and Changing Relations with Europe, 1789-1918; Transformations in Society and Economy, 1789-1918; The Construction of Nationalist Ideologies and Politics up to the 1950s; and The Middle East since the Second World War. This valuable collection of essays brings leading

Middle Eastern scholars together in one volume and provides an unparalleled view of the modern Middle East. Covering two centuries of change, from 1789 to the present, the selection is carefully designed for students and is the only available text of its kind. It will also appeal to anyone with a general interest in the Middle East. Divorce Alison Clarke-Stewart 2007-11-02 This comprehensive book provides a balanced overview of the current research on divorce. The authors examine the scientific evidence to uncover what can be said with certainty about divorce and what remains to be learned about this socially and politically charged issue. Accessible to parents and teachers as well as

clinicians and researchers, the volume examines the impact of marital breakup on children, adults, and society. Alison Clarke-Stewart and Cornelia Brentano synthesize the most up-to-date information on divorce from a variety of disciplinary perspectives with thoughtful analysis of psychological issues. They convey the real-life consequences of divorce with excerpts from autobiographies by young people, and they also include guidelines for social policies that would help to diminish the detrimental effects of divorce.

Clearinghouse Review 1980

Sociology of Families Cheryl Albers
1999-03-11 "Cheryl Albers' reader for use in family sociology courses is a cutting edge collection of articles about cutting edge topics. She addresses nine topics central and critical to family sociology and provided thoughtful articles from diverse perspectives for each, from adolescent childbearing to the construction of family policy. This volume of readings is where

the students are. It could enrich any instructor's approach to the burning questions in the field of family sociology." Dana Vannoy, University of Cincinnati

Battered Women in the Courtroom James Ptacek 1999 For the first time, a study of the ways in which judges respond to abused women.
Clinician's Guide to Child Custody Evaluations
Marc J. Ackerman 2006-02-02 "The Clinician's Guide to Child Custody Evaluations, Third Edition is written by one of the leaders in the field. it is as essential to the subject of child custody as the stethoscope is to medicine. This edition, an update of a classic, is a must-read for everyone from the novice to the expert's expert." - Leslie M. Drozd, PhD, Editor, Journal of Child Custody A practical and comprehensive guide for conducting child custody evaluations. Clinician's Guide to Child Custody Evaluations addresses the entire custody evaluation process from beginning to end. This New Third Edition reflects the abundant recent research in this area, including

new evaluating and testing findings and new ethical guidelines from the APA. This edition also features fully up-to-date coverage of important legal decisions affecting child custody. With many chapters completely revised and rewritten, the third Edition covers:

- * Roles the mental health Practitioner can play and operate within the legal arena
- * What encompasses a custody evaluation
- * Ethical considerations and responsibilities involved in custody disputes
- * How to interview, make behavioral observations, and collect collateral information
- * Standards, applicability, and administration of tests
- * Specialized child custody instruments such as the Ackerman-Schoendorf Scales for Parent Evaluation of Custody (ASPECT)
- * How divorce affect families
- * Evaluating parents' behavior
- * How to prepare for the courtroom process
- * Maltreatment, including neglect, abuse, and domestic violence
- * Placement schedules
- * How to write reports, draw conclusions, and render opinions

Each chapter ends with critical issues for

the practitioner to consider. The accessible reference format provides a quick review of relevant discussions in the text. In addition, this book includes convenient guides to relevant legal terms, documents forms, APA guidelines, and codes of conduct. Based not only on current research but also on the author's considerable experience with thousands of evaluations, *Clinician's Guide to Child Custody Evaluations* is the definitive guide to this field for students and practitioners.

Handbook of Marriage and the Family Marvin B. Sussman 1999-01-31 A host of scholars in sociology, communications, human development, economics, history, and psychology join Sussman (Union Institute, Cincinnati, OH), Steinmetz (Indiana U.) and Peterson (Arizona State U.) to complete this volume on marriage and the family. Articles reflect a broad range of interests, discussing such topics as demography, ethnic variation in the family, divorce, adolescence in contemporary families, work, religion, law,

communication, abuse and violence, and sexuality. The book also includes a variety of articles on theories and methods of family research and marital and family therapy. Annotation copyrighted by Book News, Inc., Portland, OR.

Potential Inequities Affecting Women United States. Congress. Senate. Committee on Finance 1983

Traumatic Divorce and Separation Lisa Fischel-Wolovick 2018-03-23 Traumatic Divorce and Separation integrates the conflicting mental health perspectives concerning trauma theory and the study of divorce, in what the author has termed "traumatic divorce" -- that is, divorce complicated by the high-risk factors of domestic violence, mental illness, and/or substance abuse. The text's interdisciplinary discussion examines issues of financial disparities for women following divorce, traumatic symptoms in children and adults, and the legal controversies about the admissibility of psychological theories related to

abuse. The author also addresses: domestic violence as a gendered crime against women; the need for a trauma-informed judicial response; and the need for a systemic judicial response that incorporates an understanding of domestic violence and child maltreatment to provide services and protections. The book is an invaluable resource for professionals and academics in social work, forensic psychology, law, and related mental health fields, as well as academics interested in gender based discrimination in the courts.

Women in Nineteenth-Century Egypt Judith E. Tucker 1985 The book provides a unique account of the very active economic, social and political roles of nineteenth-century women. [Child Support and the Work Bonus, Hearing 93-1, on S.1842, S.2081 and Other Matters Relating to Child Support and the Work Bonus, September 25, 1973](#) United States. Congress. Senate. Committee on Finance 1973 [A Handbook of Divorce and Custody](#) Linda

Gunsberg 2013-04-15 The Handbook of Divorce and Custody brings together mental health professionals and forensic specialists dedicated to working in the legal arena with families in crisis. Section I provides the individual perspectives of experienced clinicians, all of whom share a psychodynamic and developmental purview, and supplements their accounts with the viewpoints of a lawyer and a judge. Section II examines parental psychopathology, which is often at the root of family conflict and turmoil. Section III deals with the nature and extent of the state's potential involvement with the family, from ensuring parents' rights to raise their children to identifying those circumstances that justify the termination of parental rights. The remaining three sections follow the progressive issues engaged by divorcing families as they work their way through the legal system: forensic evaluation, post-divorce legal arrangements, and the emotional aftermath of divorce, including

indications for various types of therapeutic intervention. Through the Handbook, contributors pay special attention to a set of core issues that underlie - and complicate - the evaluations, recommendations, and judicial determinations that enter into the divorce/custody process. Specifically, they focus on the inherent conflict between the family's right to privacy and the state's commitment to the best interest of children; the increasingly uncertain question of what constitutes a family and who has the right to legal standing; the problematic role of fathers in the lives of their children; the nature of the evaluation process and the role of the forensic expert in a "good enough" evaluation; the important differences between the role of therapist and the role of evaluator; and, finally, the impact of divorce itself on the lives of today's children.

Encyclopedia of School Psychology Steven W. Lee 2005-04-27 The Encyclopedia of School Psychology is the first comprehensive guide to

this field, featuring the latest research on school learning, motivation, and educational assessment. Approximately 250 entries by 175 contributing authors from psychology, education and counseling, child development, and special education address student success, behavior disorders, intelligence testing, learning disabilities, strategies to improve academic skills, and more.

Gender Roles Linda L Lindsey 2015-10-14 Offers a sociological perspective of gender that can be applied to our lives. Focusing on the most recent research and theory—both in the U.S. and globally—Gender Roles, 6e provides an in-depth, survey and analysis of modern gender roles and issues from a sociological perspective. The text integrates insights and research from other disciplines such as biology, psychology, anthropology, and history to help build more robust theories of gender roles.

The Social History of the American Family
Marilyn J. Coleman 2014-09-02 The American

family has come a long way from the days of the idealized family portrayed in iconic television shows of the 1950s and 1960s. The four volumes of The Social History of the American Family explore the vital role of the family as the fundamental social unit across the span of American history. Experiences of family life shape so much of an individual's development and identity, yet the patterns of family structure, family life, and family transition vary across time, space, and socioeconomic contexts. Both the definition of who or what counts as family and representations of the "ideal" family have changed over time to reflect changing mores, changing living standards and lifestyles, and increased levels of social heterogeneity.

Available in both digital and print formats, this carefully balanced academic work chronicles the social, cultural, economic, and political aspects of American families from the colonial period to the present. Key themes include families and culture (including mass media), families and religion,

families and the economy, families and social issues, families and social stratification and conflict, family structures (including marriage and divorce, gender roles, parenting and children, and mixed and non-modal family forms), and family law and policy. Features: Approximately 600 articles, richly illustrated with historical photographs and color photos in the digital edition, provide historical context for students. A collection of primary source documents demonstrate themes across time. The signed articles, with cross references and Further Readings, are accompanied by a Reader's Guide, Chronology of American Families, Resource Guide, Glossary, and thorough index. The Social History of the American Family is an ideal reference for students and researchers who want to explore political and social debates about the importance of the family and its evolving constructions.

*Feminist Judgments: Family Law Opinions
Rewritten* Rachel Rebouché 2020-06-30 This

book provides new, feminist perspectives on famous family law cases that span generations. The chapters take court decisions and rewrite them with feminist ideas in mind. Each rewritten opinion is penned by a leading scholar who relied only on materials available at the time of the original decision. The decisions address topics such as the criminalization of polygamy, intimate partner violence as a ground for asylum, the legality of gestational surrogacy, the rights of cohabitants, discrimination against transgender parents, immigration rules governing non-citizen parents, and child welfare and child support systems, among others. Each opinion is accompanied by a commentary that explains the original opinion as well as its contemporary relevance, and each commentary also is authored by a respected scholar. The combination of a rewritten opinion and its commentary provides an in-depth examination of the most important topics in family law.

H.R. 1488, the "Hyde-Woolsey" Child

Support Bill United States. Congress. House. Committee on Ways and Means. Subcommittee on Human Resources 2001
[Empowerment Series: Introduction to Social Work and Social Welfare: Empowering People](#) Charles Zastrow 2022-01-01 Discover a thorough overview of today's social work profession with a realistic glimpse into social problems in contemporary society with Zastrow/Hessenauer's best-selling INTRODUCTION TO SOCIAL WORK AND SOCIAL WELFARE: EMPOWERING PEOPLE, 13E. This practical resource provides insights you can apply in actual practice. Updates highlight the latest developments and emerging issues, from Biden's social welfare policies and self-care for social workers to employment, immigration, mass shootings and the pandemic. You learn to develop new methods for problem solving and empowering clients as the authors present positive strategies within the context of the core values, ethics, skills and knowledge base of today's professional social worker. Updated case

studies, exhibits and tables highlight, compare and contrast contemporary social problems and issues. Core content from the Council on Social Work Education (CSWE) aligns with the latest Educational Policy and Accreditation Standards (EPAS). Contemporary Marriage Kingsley Davis 1986-08-20 This fascinating symposium is based on an assumption that no longer seems to need justification: that the institution of marriage is today experiencing profound changes. But the nature of those changes—their causes and consequences—is very much in need of explication. The experts contributing to this volume bring a wide range of perspectives—sociological, anthropological, economic, historical, psychological, and legal—to the problem of marriage in modern society. Together these essays help illuminate a form of

relationship that is both vulnerable and resilient, biological and social, a reflection of and an influence on other social institutions.

Contemporary Marriage begins with an important assessment of the revolution in marital behavior since World War II, tracing trends in marriage age, cohabitation, divorce, and fertility. The focus here is primarily on the United States and on industrial societies in general. Later chapters provide intriguing case studies of particular countries. There is a recurrent interest in the impact on marriage of modernization itself, but a number of essays probe influences other than industrial development, such as strong cultural and historical patterns or legislation and state control. Beliefs and expectations about marriage are explored, and human sexuality and gender roles are also considered as factors in the nature of marriage. Contemporary Marriage offers a rich spectrum of approaches to a problem of central importance. The volume will reward an equally broad spectrum of readers interested in the

meaning and future of marriage in our society. **Out of Touch** Geoffrey L. Greif 1997-04-03 The breakdown of the family has moved in recent years to the forefront of national consciousness. All manner of social ills, from poor academic performance to teenage drug use and gang crime, have been attributed to high divorce rates and the collapse of the traditional two-parent family. Targets of particularly harsh criticism are parents who lose all contact with their children after a divorce. So-called "deadbeat dads" are denounced in political speeches and ridiculed on billboard advertisements; mothers who lose touch with their children are stigmatized as emotionally unstable or lacking maternal instincts. Everyone seems to understand the importance of children being raised by two-parent families and the damage that can occur when one parent loses contact completely. What is significantly less clear is why this loss of contact occurs and what can be done to prevent it. In *Out of Touch*, Geoffrey Greif explores these

issues with clarity, compassion, insight, and an evenhandedness rarely encountered in an arena far more susceptible to acrimonious debate than sympathetic understanding. Setting out to find the reality beneath the catchall categorization of out-of-touch parents as deadbeats, substance abusers, child mistreaters, or criminals, Greif focuses on those parents who tried and, for a vast array of reasons, failed to maintain contact with their children. It is their voices, in a discussion dominated up till now by the custodial parent, that we most need to hear, Greif argues, if we are to uncover ways to avoid such failures in the future. Rather than offering dry statistics and abstract generalizations, Greif lets us hear these voices directly in 26 in-depth interviews with estranged parents and with children caught in the crossfire of painful divorces. Extending over a period of two to ten years, these interviews, and Greif's perceptive analyses of them, reveal the whole spectrum of logistical, emotional, and legal difficulties that keep parents

and children apart. From the ordinary problems of visitation rights and child support to the more complex and troubling issues--bitter court battles, accusations of sexual abuse, domestic violence, children rejecting a parent, child kidnapping, and many others--Out of Touch vividly and often heartbreakingly presents all the ways that fathers and mothers, even with the best intentions, can lose contact with their children. But the book does more than tell the stories of failed relationships. Its concluding chapter offers a series of specific and extremely helpful suggestions for families--parents, children, grandparents--who find themselves in danger of complete estrangement. Greif outlines how families can employ support systems, communication skills, mediation, and many other strategies to overcome the most difficult obstacles that occur after a divorce. It is here that the lessons gleaned from the broken relationships of the past become invaluable advice for the future. Informed by fresh

perspectives, moving personal accounts, and a clear-sighted approach to a tangled issue, *Out of Touch* is a timely and deeply important book about both the forces that drive parents and children apart and the understanding that can keep them together.

Child Support Report 1989

Child Mental and the Law Barry Nurcombe
2010-06-15 The legal aspects of child mental health have changed in recent years, yet many who deal professionally with disturbed children are ill informed about the rights and responsibilities of minors. *Child Mental Health and the Law* addresses the need for a comprehensive, up-to-date text that describes the evolution of child mental health law and the relevance of the law to the child mental health clinician.

Women in Early America Dorothy A. Mays 2004
This volume fills a gap in traditional women's history books by offering fascinating details of the lives of early American women and showing

how these women adapted to the challenges of daily life in the colonies. * Nearly 200 A-Z entries on women's lives, contributions, and struggles during the years of early America * Illustrations of the habits of dress, material goods, and buildings that reflect the culture of these women * Extensive annotated bibliography of recommended readings covering legal issues, ethnic groups, customs, and novels set during the era * Sidebars highlighting interesting experiences of early American women

Sisterhood Is Global Robin Morgan 2016-03-08
A powerful and essential anthology that sheds light on the status of women throughout the world Hailed by Alice Walker as “one of the most important human documents of the century,” this collection of groundbreaking essays examines the global status of women’s experiences, from oppression to persecution. Originally published in 1984, the compilation features pieces written by a diverse set of powerful women—journalists, politicians, grassroots activists, and

scholars—from seventy countries. Author Robin Morgan, a champion of women’s rights herself, expertly weaves these inspiring essays into one comprehensive feminist text. These compelling “herstories” contain thoroughly researched statistics on the status of women throughout the world. Each chapter focuses on a different country and includes data on education, government, marriage, motherhood, prostitution, rape, sexual harassment, and sexual preference. Sisterhood Is Global transcends political systems and geographical boundaries to unite women and their experiences in a way that remains unequalled, even decades after its first publication.

Single Parent Families Marvin B Sussman
2014-05-12 Here is a comprehensive source of vital information on single parent families in contemporary society. This book analyzes literature and empirical research concerning single parent families and explores issues and challenges they face. Contributing authors from

many fields and perspectives examine a broad range of subjects relating to families in which one person is primarily responsible for parenting. The only state-of-the-art compendium on the topic of single parent families available today, the book synthesizes empirical, theoretical, and contemporary literature about the diversity, myths, and realities of single parent families in western countries. Each chapter contains a demographic overview, definitions, a literature review, and implications for practice, research, education, and social policy. Theoretical and conceptual perspectives related to parenting and wider families are included. An analysis, synthesis, and commentary on single parent families concludes the volume. Themes highlighted throughout the book include socioeconomic and demographic characteristics of single parent families, cultural and ethnic features, and legal and ethical components. Some chapter topics include: single parenthood following divorce single parenthood following

death of a spouse never married teen mothers and fathers female-headed homeless families adoptions by single parents noncustodial mothers and fathers grandparents as primary parents single parents of children with disabilities Single Parent Families contains additional resources useful for family professionals: an annotated bibliography, a video/filmography, and a national community resource list. The book is intended for a multidisciplinary audience, including sociologists, psychologists, health care professionals, social workers, therapists, and other researchers, clinicians, policymakers, and educators. An ideal primary or reference text for undergraduate and graduate level programs, the book can also serve as a tool for staff development and continuing education in service agencies.

[Forced Absence Screenplay](#) Pius A Uzamere 2014-12-10 Imagine waking up one Saturday morning to the sound of loud banging at your door. You call out to your wife, "Sweetie, answer the door " But your spouse and the kids are gone. The knocks keep coming. You open the door and see two burly Sheriff's Deputies at your door who inform you that your spouse has filed a Protection From Abuse order against you and that you've got twenty minutes to get your things out of the house and vacate the premises. You are dumbfounded because you've never had a fight with her and violence was never part of the equation for you. You argue that there must be a mistake, but your pleas fall on deaf ears. You realize numbly that, to them, you sound just like the brutes who actually do abuse the ones they love. You get dressed, grab a few things, and frantically make some calls as you watch the Deputies install padlocks on your doors.

Eventually you leave and drive to your parents' house, hoping that you'll be back home in a couple of days after the matter has been resolved. Unbeknownst to you, you will never step foot in your home again. The truth is, your spouse has a new love in her life and used a PFA order to get rid of you and move the lover in. Your wife's new lover is now your children's new daddy. Welcome to the life of Tim Olson. Tim was a victim of this scenario, except that Tim wasn't the husband . . . he was the child. when Tim's mother accused his father of abuse that never happened, she drove Tim's father into financial and emotional ruin. When Tim grew up and learned the truth, he didn't just get mad he got even, with tragic results. Through interviews with actual litigants, mental health professionals, lawyers, and victims, we learn about the undercurrent of post-nuptial turmoil now boiling over in family courts across the country in the

form of child custody and visitation battles, false allegations of abuse, corrupt judges, and unaffordable child support awards. The system is broken and the results it has on the families who go through it is devastating. The laws of various jurisdictions in the United States encourage and reward greed while discouraging civility and co-parenting. Forced Absence is a story of love and hatred, greed and vengeance, and the effects of a corrupt and inefficient family court system which is being exploited by husbands, wives, and live-in partners seeking to destroy one another. This documentary is an assembly of capsulized true events in the lives of several victims. To the extent possible, the participants are the actual individuals involved. To protect the innocent and their privacy, some re-enactments and technical changes were incorporated. This book, which is written in screenplay format, is a derivative of the feature motion picture.
