2021-10-06 Buy a new version of this textbook and receive access to the Connected eBook on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities, plus an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. Learn more about Connected eBooks. The right to keep and bear arms evokes great controversy. To some, it is a bulwark against tyranny and criminal violence; to others, it is an anachronism and serious danger. *Firearms Law and the Second Amendment* is the leading casebook and scholarly treatise on arms law. It provides a comprehensive domestic and international treatment of the history of arms law. In-depth coverage of modern federal and state laws and litigation prepare students to be practice-ready for firearms cases. The book covers legal history from ninth-century England through the United States in 2021. It examines arms laws and culture in broad social context, ranging from racial issues to technological advances. Seven online chapters cover arms laws in global historical context, from Confucian times to the present. The online chapters also discuss arms law and policy relating to race, gender, sexual orientation, and other statuses and how firearms and ammunition work. New to the Third Edition: Important cases and new regulatory issues since the 2017 second edition, including public carry, limits on in-home possession, bans on types of arms, non-firearm arms (like knives or sprays), Red Flag laws, and restoration of firearms rights Expanded social science and criminological data about firearms ownership and crimes Deeper coverage of state arms control laws and constitutional provisions Extended analysis of how Native American firearm policies and skills shaped interactions with European-Americans, provided the tools for three centuries of resistance, and became a foundation of American arms culture The latest research on English legal history,

which is essential to modern cases on the right to bear arms Professors, students, and practicing lawyers will benefit from: Practical advice and resource guides for lawyers, like early career prosecutors or defenders, who will soon practice firearms law Five chapters on the diverse approaches of lower courts in applying the Supreme Court precedents in Heller and McDonald to contemporary laws Historical sources that shaped, and continue to influence, the right to arms

Popular Science 1956-11 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Backpacker 2001-03 Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured. *Social Media and the Law* Daxton Stewart 2017-02-10 Social media platforms like Facebook, Twitter, Instagram, YouTube, and Snapchat allow users to connect with one another and share information with the click of a mouse or a tap on a touchscreen—and have become vital tools for professionals in the news and strategic communication fields. But as rapidly as these services have grown in popularity, their legal ramifications aren't widely understood. To what extent do communicators put themselves at risk for defamation and privacy lawsuits when they use these tools, and what rights do communicators have when other users talk about them on social networks? How can an entity maintain control of intellectual property issues—such as posting copyrighted videos and photographs—consistent with the developing law in this area? How and when can journalists and publicists use these tools to do their jobs without endangering their employers or clients? Including two new chapters that examine First Amendment issues and ownership of social media accounts and content, *Social Media and the Law* brings together thirteen media law scholars to address these questions and more, including current issues like copyright, online impersonation, anonymity, cyberbullying, sexting, and live streaming. Students and professional communicators alike need to be aware of laws relating to defamation, privacy, intellectual property, and government regulation—and this guidebook is here to help them navigate the tricky

legal terrain of social media.
