**Paperbound Books in Print** 1992

**Webpointers Essential Net Novice Websites** Kitty Williams 1999 Essays and recommended World Wide Web sites cover the arts, commerce, education, health, entertainment, politics, and travel

**Welding Design & Fabrication** 1986

**Pipe Fitter's Math Guide** Johnny E. Hamilton 1989 For those who work with cylinders, a geometric understanding of the shapes involved and how they fit together are crucial for excellence in their trade. This book allows pipe fitters to connect their work to its logical base -- maths. The straightforward tone, multitude of illustrations, and example problems will help even those with underdeveloped maths skills learn the calculations. Forty-one sets of exercises with answers give the reader ample practice as well as applying the maths skills.

*Quick Guide to Career Training in Two Years Or Less* Laurence Shatkin 2003-08 A companion book to Quick Guide to College Majors and Careers, the difference being that this book is aimed at people who want to choose a career that requires two years or less of education and training. Part 1 will be a set of assessments based on the reader's interests, skills, favorite high school courses, and values that will lead them to which training programs they should investigate. Part 2 will consist of two-page spreads for about 90 training and education programs, so that the reader can refer to them for more information.
