De HR scorecard Mark A. Huselid 2012-08-24 Prestaties van mensen hebben steeds meer invloed op de bedrijfsstrategie. Die prestaties moeten dan wel gemeten kunnen worden. Op basis van de succesvolle Balanced Scorecard hebben de auteurs van dit boek een nieuwe methodiek ontwikkeld, de HR-scorecard. Daarmee kan human resources management ingepast worden in de algemene strategie van bedrijven en kan men human resources managen als een onderdeel van het bedrijfskapitaal. Bovendien wordt het mogelijk om met de HR-scorecard een koppeling te maken tussen menselijke prestatiemeting enerzijds en meetfactoren zoals omzet- en winstcijfers anderzijds. Aan de hand van een onderzoek bij 3000 bedrijven hebben de auteurs een model ontwikkeld dat bestaat uit 7 stappen. Zij beschrijven uitgebreid de verschillende stappen met een praktische toelichting hoe deze kunnen worden geïmplementeerd in de bedrijfsvoering. 'De HR-scorecard' is daarmee een boek dat een model neerlegt voor prestatiemeting in relatie tot strategie. Dit zal vele managers behulpzaam zijn in hun zoektocht naar betere instrumenten voor human-resources-management.

A Fleet Street in Every Town Andrew Hobbs 2018-12-13 At the heart of Victorian culture was the local weekly newspaper. More popular than books, more widely read than the London papers, the local press was a national phenomenon. This book redraws the Victorian cultural map, shifting our focus away from one centre, London, and towards the many centres of the provinces. It offers a new paradigm in which place, and a sense of place, are vital to the histories of the newspaper, reading and publishing. Hobbs offers new perspectives on the nineteenth century from an enormous yet neglected body of literature: the hundreds of local newspapers published and read across England. He reveals the people, processes and networks behind the publishing, maintaining a unique focus on readers and what they did with the local paper as individuals, families and communities. Case studies and an unusual mix of quantitative and qualitative evidence show that the vast majority of readers preferred the local paper, because it was about them and the places they loved. A Fleet Street in Every Town positions the local paper at the centre of debates on Victorian newspapers, periodicals, reading and publishing. It reorientates our view of the Victorian press away from metropolitan high culture and parliamentary politics, and towards the places where most people lived, loved and read. This is an essential book for anybody interested in nineteenth-century print culture, journalism and reading.

Indigenous Rights and Water Resource Management Katie O'Bryan 2018-10-26 In an era of climate change, the need to manage our water resources effectively for future generations has become an increasingly significant challenge. Indigenous management practices have been successfully used to manage inland water systems around the world for thousands of years, and Indigenous people have been calling for a greater role in the management of water resources. As First Peoples and as holders of important knowledge of sustainable water management practices, they regard themselves as custodians and rights holders, deserving of a meaningful role in decision-making. This book argues that a key (albeit not the only) means of ensuring appropriate participation in decision-making about water management is for such participation to be legislatively mandated. To this end, the book draws on case studies in Australia and New Zealand in order to elaborate the legislative tools necessary to ensure Indigenous participation, consultation and representation in the water management landscape.
